Submission No 692: Great Shearwater *Puffinus gravis* off Swansea, NSW. 21st April 2011. (Unpublished) Submitted by: Mick Roderick

Verdict: Accepted

This submission concerns the occurrence of a Great Shearwater *Puffinus gravis* at sea off Swansea, NSW on the 21st April 2011.

The description and photographs leave no doubt as to the bird's identity. Members voted unanimously in favour of acceptance.

This is the 7th confirmed record for Australia. This sighting, along with many others reported between February and April 2011, may form part of an invasion of this species into Australian waters.
